

Mr. S.Arshad @ Asmipudin bin Mohd. Ali Jinnah (Age 44)

Specializing in Recycled Rubber Manufacturing.

Qualification

- Bachelor in Business Information System Technology, Swinburne University of Technology, Melbourne, Australia, 2002

Experience

Asmipudin started his working career in 1997 as a Head of Department (Procurement and Business) for Adevalc Sdn Bhd.

From 2000 to 2003, Asmipudin attended undergraduate studies at the Swinburne University of Technology, Melbourne, Australia. After graduating he founded Central Aus Resources Ptv Ltd and helmed the company as its Managing Director.

Upon his return to Malaysia in 2005, he joined Bridge Fields Resources Sdn Bhd (BFR) as its Marketing Director. BFR is a leader in the Rubber Recycling Industry in Malaysia and Asia. The company pioneered and developed an in-house technology to recycle both synthetic and natural rubber products into recycled rubber which are being exported worldwide.

Asmipudin is also the founder of Top One Polymer Sdn Bhd, the exclusive distributor of recycled rubber manufactured by Bridge Fields Resources Sdn Bhd.

Present Position:

- Managing Director of Top One Polymer Sdn Bhd and Bridge Fields Resources Sdn Bhd, Malaysia
